

# AT YOUR FINGERTIPS

## TRANSFER PRICING DOCUMENTATION

- **MNEs are incrementally facing the burden of being compliant in view of TP documentation requirements.**

We chose to partner with **Reptune®** to offer a solution with a high quality/price ratio with respect to the service level that fits you best. Reptune® is a highly intuitive TP documentation software platform, developed by seasoned TP professionals solely engaged in preparing and coordinating TP compliance, globally. OECD BEPS13-compliant documentation is prioritized on the basis of local documentation deadlines. Thanks to the effective workflow management features we can work with our clients in a truly integrated manner to ensure a smooth operation of the project and respecting the deadlines. A sophisticated dashboard allows for visual insights in global transaction flows. Whilst compliance is taken care of efficiently through the Reptune® platform, Tiberghien economics remains at your disposal for rendering you with our full scope of high-end transfer pricing advisory services and dispute resolution solutions.
